

An Informative Three Day Seminar:

MIOSHA Fundamentals ***of Safety and Health***

1 Who Should Attend . . .

This seminar is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and workers' compensation costs
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA)

2 Why You Need This Seminar . . .

- ▶ To reduce disabling injuries and illnesses to employees - and to ensure that every worker goes home safe and healthy every day.
- ▶ To reduce the high costs of work-related injuries. Nationally, employers spent an estimated 50.8 billion on wage payments and medical care for workers hurt on the job. (*Liberty Mutual Safety Index 2005*) This is only a portion of the total costs of work-related injuries. Indirect costs such as overtime, training and lost productivity can also burden employers.
- ▶ To enhance your company's bottom line. A strong safety and health commitment not only protects workers, it also reduces workers compensation costs, improves employee morale, and increases production and quality.

3 What You'll Learn . . .

Many employers are faced with the need to appoint an employee to manage their safety and health system who may not be fully prepared for the challenge. This fundamentals course offers in **three days** the basics of creating a safety and health management system as well as providing an introduction to the MIOSHA Act and standards. A **half-day** is devoted to industrial hygiene to assist employers in uncovering and addressing the unseen health hazards in the workplace.

Agenda

We offer a flexible program agenda to emphasize the safety and health topics you want most.

- ▶ Accident Investigation
- ▶ Act 154 Inspections & Citations
- ▶ CET Services
- ▶ Communicating with your Outside Contractor
- ▶ Elements of a Safety & Health Management System
- ▶ Ergonomics
- ▶ First Aid, Eye Wash and Bloodborne Infectious Diseases
- ▶ Hazard Recognition and Self Inspection
- ▶ Hearing Conservation
- ▶ Introduction to Industrial Hygiene
- ▶ Machine Guarding
- ▶ MIOSHA Recordkeeping
- ▶ Required Written Programs

All meetings are accessible and barrier free. Please contact the cosponsor or CET Division, at least two weeks in advance, to request necessary accommodations.

Facilitator

Barry W. Simmonds brings more than 20 years of safety related experience to the CET division. Barry started as an Air Force Fire Protection Specialist gaining experience in almost every position in the fire department. Barry then transferred to the Air Force safety program as the Non-Commissioned officer in charge of the 410th Bomb Wing ground safety office at K.I. Sawyer AFB. (He also served a tour as the Chief of Safety for U.S. Forces in the country of Honduras.) In all of these positions, Barry had extensive safety training responsibilities.

After leaving the Air Force, Barry joined the Department of Corrections as a State Certified Fire Inspector and came to MIOSHA in 1997 as a general industry enforcement officer for the Port Huron area before joining the CET team in 2004. Barry has degrees in both safety and fire science technology and is responsible for the Upper Peninsula region.

Presenters: Linda Long, Anthony Neroni and Barry Simmonds,
Occupational Safety Consultants; and
Cindy Zastrow, Industrial Hygienist, MIOSHA, CET Division.

Barry Simmonds
*Occupational Safety Consultant,
MIOSHA, CET Division*
